MORE HELP PLEASE!

This month is of course Silverstone and in the April *Safety Fast*¹ I put in a plea for some help with our register parking where we really do need some help on Saturday and Sunday morning. I sometimes wonder if anyone reads these notes as this request produced the magnificent total of one volunteer out of 15,000 MGBs on the register We really need three more people to help, so if anyone could spare a couple of hours please phone Bernard on 01858 431271 now otherwise we shall end up with a shambles. The event always attracts a lot of MGBs and an hour or so at the start of the day is not a lot to ask

DATES FOR YOUR DIARY

July 2nd

This day sees the MGB Summer Gathering at Ickworth Hall in Suffolk, nr Bury St Edmunds, this is being organised by the Anglia Centre and we are joining their event. The entry form was on the inside front cover in last month's *Safety Fast*¹ If you cannot make this we have also pledged our support for the S.E. Centre's event at the Weald and Downlands open air museum, just north of Chichester - contact Jenny Morgan on 01296 714232 for an entry. These two events are ideal to exercise your car that's what it is for and the dear old 'B' is a great long distance car - I recently did 100 miles in two hours, all at legal speeds.

September 3rd

Don't forget the Midget Registers run on September 3rd, we always support this and Dennis Wharf makes a superb job of these events, which quite a few 'B's attend.

September 10th

If you feel like travelling further afield, the Devon and Cornwall event on September 10th is always a good event as well, see their notes for details.

AND A WORD OF THANKS

Finally I must mention the MGB weekend in Tunbridge Wells which was superbly organised by Colin and Doreen Lanning, and Keith and Monica Longstaff. 36 cars and their crews attended and we had a wonderful time thanks to the organisers. A separate report will be published later We visited various historical sites, the highlight was the Chatham Historic Dockyard, and the photo shows a number of our cars in a special car park on site.
