Happy New Year to you all!

In these long, dark winter evenings, when we are sat in front of our computers because it's too cold and dark to be out in the garage, it may well be worth taking a few minutes to check out the MGB Forum. If you go to the MG Car Club website at www.mgccc.com you will see the 'Quick Links' menu on the Home Page. If you click on 'MG Car Club Forum' this will take

you to the various Forums that are set up, including the one for the MGB Register. This is a handy place to air any questions that you may need help or advice on with those little niggles that you may be experiencing with your car. There is a wealth of knowledge and skills amongst the MG Car Club members and you can be assured that someone else will have had the same issue at some point in the past.

2012 is the 50th Anniversary of the MGB and the Committee are starting to pull together some ideas on how to celebrate this milestone. If you have any suggestions on what you would like to see to commemorate this big birthday, then we shall be pleased to hear from you.

With all of the uncertainty around the Formula 1 venue and date, the racing programme for 2010 is still being finalised.

It looks like the first MG Car Club-organised meeting will be at Brands Hatch in April and we look forward to supporting the MGB competitors in another closely fought season
