

We had great reviews for the Spring Run on April 10, the weather was fantastic, the route excellent and the finish at Dyrham Park was superb. The cars caused such interest that some visitors to Dyrham who had not done the run asked if they could move their MGs from the public car park and park with us. All that's left to say is many thanks to everyone that helped to make the day so successful.

Work continues at a pace on the arrangements for **MGB 50 – 2012**, the official launch of which will be later this month at MGLive! As previously mentioned there is a website dedicated to the event, [www.mgb50.com](http://www.mgb50.com). To test the water, we had a limited batch of the MGB 50 Official T-Shirts made in time for the Spring Run. The demand for them was amazing with all of the normal sizes being sold but don't worry there will be plenty more to buy at MGLive! this year!

As I mentioned in April's Register Notes, I was having problems with my two 6-volt batteries and was considering changing them for one 12-volt. I decided to do the conversion, which was very easy it only took a couple of hours. I had

to replace the earth lead and make a new earth connection. Other than this the 12-volt battery fitted a treat. I had some feedback from people who had read the article, one of whom had fitted two 12-volt units fitted in parallel!

You may recall last September, I wrote about MGB conversions and in particular the Lenham. Following the article, I was contacted by a few members with info on the cars. The photograph, which I was recently sent, is of a Lenham 2+2 Roadster which is based on a genuine factory MGB V8. You will see from the photograph they

have kept the GT windscreen surround, which I presume is needed to give the necessary headroom for the rear seats. The car I'm told is in excellent overall condition and is in fact up for sale. So if you are interested, contact Harry Morten on [morten.orders@tiscali.co.uk](mailto:morten.orders@tiscali.co.uk) for more details.

There are still a few places left on the Register Social Weekend from September 9–12, which this year it is based at Rockingham in Northamptonshire. I can assure you of an easygoing, relaxed weekend, so, if you are interested, contact Bernard Rengger without delay to save any disappointment.

A Lenham 2+2 Roadster.
