Guided Tour of Bicester Heritage

Thursday May 3rd 2018

Bicester Heritage OX27 8AL www.bicesterheritage.co.uk

Neglected for the best part of 40 years, RAF Bicester was placed on Historic England's 'At Risk Register'. Since 2013 over 80% of the buildings have been delicately restored and re-activated for a diverse range of businesses specialising in the restoration and sale of historic vehicles.

This is a rare opportunity for a historical tour of the site by a Bicester Heritage Guide with introductions to a number of specialists and an insight into future plans

Arrive on site (in your classic vehicle if possible) at 10.30am for refreshments (coffee/tea and fresh pastries). Tour commences at 11.00am and concludes at 01.00pm

Please book early as numbers are strictly limited

TICKET PURCHASE FORM
